CONFERENCE INFORMATION

The 1st International Conference on Mineral Engineering and Materials Science (iCMEMS 2017) will be held from 20th to 22nd November, 2017 in Sydney, Australia.

iCMEMS 2017 is to provide a global forum for academics, researchers, graduates and industry professionals to present and share their latest research and practice in the broad fields of mineral engineering, materials science and engineering.

Sydney is Australia's oldest, largest, most cosmopolitan and exciting city. Situated on a breathtaking harbour, Sydney is one of the world's most attractive cities. It is Australia's iconic face to the world, home to the World Heritage-listed Sydney Opera House, Sydney Harbour Bridge, and Blue Mountains National Park.

iCMEMS 2017 is supported by Global Circle for Scientific, Technological and Management Research (GCSTMR) and Science, Technology and Management Crest, Australia (STAMCA). GCSTMR endeavours to create a platform for researchers and professionals to exchange ideas and share information through multidisciplinary international conference series. It encourages and facilitates international collaborations in research, training, and professional activities.
